## 2016-17 STATE GRANT NEED ANALYSIS COMPUTATION PROCEDURES

All applicants will be considered in accordance with the Expected Family Contribution (EFC) driven formula. The EFC used to determine the Pennsylvania State Grant will be calculated in accordance with the federal Need Analysis Formula and PHEAA policies. It will not always match the EFC used by the U.S. Department of Education or by the school.

### PENNSYLVANIA STATE GRANT AND THE FEDERAL PELL GRANT PROGRAM

Federal Pell Grants are intended to be the “floor” of financial aid with all other forms of financial assistance, including Pennsylvania State Grants. Accordingly, Pennsylvania State Grant applicants must also apply for federal student aid and 100 percent of the calculated Pell Grant award will be considered with a few noted exceptions.

For 2016-17, the only Pennsylvania State Grant applicants whose eligibility is determined without regard to Federal Pell Grant aid are those who:

1. Have suffered the death or permanent and total disability of a parent or spouse on or since January 1, 2015 and are being considered under PHEAA’s “recent death or disability” policy ([see page 5](#)). To obtain the necessary form, go to [PHEAA.org/forms](http://PHEAA.org/forms).
2. Are veterans of the U.S. Armed Services.

Effective for the 2016-17 Academic Year, the highest EFC for Pell Grant eligibility has been set at 5234.

### CORRECTING FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA®) DATA

If corrections/updates to the FAFSA® are needed after the applicant initially submits and if PHEAA has not directly requested clarification/data from the applicant, changes may be made through the FAFSA® correction process at any time prior to August 1st. After August 1st, the applicant should make corrections/updates by copying [PHEAA.org/corrections](http://PHEAA.org/corrections) into the web browser and following the instructions. If PHEAA has requested clarification/data, the applicant needs to provide updates to PHEAA directly at PHEAA, PO Box 8157, Harrisburg, PA 17105-8157. PHEAA staff is available to answer questions at 800.692.7392. (TTY: Dial 711 for hearing impaired).

### DETERMINATION OF PENNSYLVANIA STATE GRANT ELIGIBILITY

Although Pennsylvania State Grant eligibility is based primarily on financial need, all applicants must continue to comply with certain basic requirements before a student is determined eligible.

#### An applicant must:

1. Be enrolled at least half-time (defined as at least six semester credits or the equivalent).
2. Be unconditionally admitted and enrolled in an approved program of study of at least two academic years in length.
3. Be enrolled in a school approved by PHEAA for Pennsylvania State Grant purposes.
4. Not have received the maximum number of Pennsylvania State Grant awards permitted.
5. Be of satisfactory character (not be incarcerated).
6. Be a domiciliary of Pennsylvania.
7. Be a high school graduate as stipulated in the Pennsylvania State Grant law.
8. Maintain satisfactory academic progress as defined by PHEAA.
9. Not have earned a bachelor’s degree or the equivalent.
10. Not be in default or pending default on an educational loan. This also applies to programs where awards have been converted to loans due to failure to meet all eligibility or service requirements and the loan is in a default status.

---

11. Be enrolled in a program of study where at least 50 percent of the total credit or clock hours needed for completion of the program are earned through classroom instruction:

- The program itself must be structured to allow you to complete at least 50 percent of your credits or clock hours in the classroom.
- Your enrollment pattern by term must also consist of at least 50 percent classroom instruction.

Note: Students with medical disabilities as defined by the American with Disabilities Act (ADA) of July 1990 (P.L. 101-336) may request an accommodation to the 50 percent in-classroom instruction enrollment by term requirement of the Pennsylvania State Grant Program. To go to the ADA Accommodation Request Form, follow this link: [PHEAA.org/forms](http://PHEAA.org/forms).

12. File and complete the application process by the appropriate deadlines:

All non-renewal applicants at a community college; a designated Pennsylvania Open-Admission institution\*, a business, trade, or technical school; a hospital school of nursing; or enrolled in a non-transferable 2-year program - August 1, 2016; all other applicants - May 1, 2016.

\*Designated Pennsylvania Open-Admission institutions are schools that meet the U.S. Department of Education (USDE) definition and were approved by the PHEAA Board of Directors for State Grant filing deadline purposes for the 2016-17 Academic Year.

DESIGNATED PENNSYLVANIA OPEN-ADMISSION INSTITUTIONS
Cheyney University of Pennsylvania
Gratz College
Harrisburg University of Science and Technology
Lackawanna College
Peirce College
Pennsylvania College of Technology
Pennsylvania Institute of Technology
Valley Forge Military Academy and College

### Recent Death or Disability of a Parent or Spouse Policy

Where a parent or spouse has died or has been permanently and totally disabled on or since January 1, 2015, the Pennsylvania State Grant (for the first year following the death or disability) will be calculated without regard to income data or Federal Pell Grant eligibility, not to exceed the maximum Pennsylvania State Grant award established for the level of college costs to be incurred at the institution the student is attending. (**NOTE:** Assets may also be excluded if not required or if the requirements for the Simplified Needs test are met.)

---

## 2016-17 NEED ANALYSIS CALCULATIONS

### I. CALCULATION OF PENNSYLVANIA STATE GRANT COLLEGE COSTS:

#### APPLIES TO ALL STUDENT TYPES

##### Tuition and Fees

Tuition and fees for the institution or program of study as reported for the 2016-17 Award Year by the school and approved by PHEAA.

##### Books and Supplies

A \$1,000 annual allowance for books and supplies is included.

##### Educational Expense Allowance

A \$4,000 standard educational expense allowance for all students regardless of housing status.

**NOTE:** All costs are subject to PHEAA-approved guidelines. Total college costs are subject to the college cost cap of \$32,000 effective for 2016-17 Academic Year.

### II. CALCULATION OF NEED FOR THE PENNSYLVANIA STATE GRANT

A student's need is calculated by subtracting the EFC and any calculated Federal Pell Grant from the total allowable educational costs (limited to \$32,000). The result is the student's need.

#### Exceptions include the following:

- A. Applicants who are veterans of the U.S. Armed Services are automatically assigned an EFC and Federal Pell Grant amount of zero.
- B. Those who qualify for special consideration due to recent death or recent disability are processed as indicated on [page 5](#).
- C. For single, independent students with no dependents, PHEAA reduces the EFC by 25 percent (but continues to use 100 percent of the calculated Pell Grant).
- D. If a portion of the assets that were required to be reported on the FAFSA<sup>®</sup> included assets placed in a Pennsylvania Treasury 529 College Savings Account, those assets must be separately reported to PHEAA in order to be excluded in the determination of Pennsylvania State Grant eligibility.

### III. CALCULATION OF A PENNSYLVANIA STATE GRANT

- A. The Pennsylvania State Grant is initially calculated as a percentage of the student's need. The percentage is based on EFC, as defined in the following table:

EFC RANGE	PERCENTAGE OF NEED MET
0 - 4,000	50%
4,001 - 6,000	38%
6,001 - 8,000	32%
8,001 - 10,000	27%
10,001 - 12,000	14%
12,001 and Above	3%

- B. The award is then rounded down to the nearest \$50 increment (for example, \$527 would become \$500).

- C. The In-State Maximum Award levels listed below were established and last fully funded in 2007-08. To keep the awards within the available funding level, an Award Adjustment Factor of .9315 is applied. Please note that if this Adjustment Factor calculation causes the award to go below a minimum award, the student will receive the minimum award. Applying the Award Adjustment Factor of .9315 results in the following In-State Maximum Awards:

2007-08 MAXIMUM AWARDS	2016-17 COST TIERS	2016-17 AWARD ADJUSTMENT FACTOR	2016-17 MAXIMUM AWARDS
\$2,500	\$0 - \$12,000	.9315	\$2,329
\$4,000	\$12,001 - \$19,000	.9315	\$3,726
\$4,300	\$19,001 - \$29,000	.9315	\$4,005
\$4,700	\$29,001 - \$32,000	.9315	\$4,378

All awards will be equalized by term. The equalization process may result in students losing one or two dollars from their calculated award amount or gaining one dollar.

- D. For applicants attending approved Pennsylvania institutions, the award is subject to the following minimums and maximums listed below:

TOTAL EDUCATIONAL COSTS	MINIMUM AWARD	MAXIMUM AWARD
\$0 - \$12,000	\$500	\$2,329
\$12,001 - \$19,000	\$500	\$3,726
\$19,001 - \$29,000	\$500	\$4,005
\$29,001 - \$32,000	\$500	\$4,378

- E. For applicants attending approved out-of-state institutions, the minimum award is \$500. To qualify for the minimum award, the student must demonstrate sufficient need (ex: full-time need of \$1,000 is required to receive a half-time grant of \$500). The maximum award, which is then also subject to the .9315 Award Adjustment Factor, is \$600; or \$800 if the student is a veteran of the U.S. Armed Services.

**Approved States:** Only private non-profit and public schools located in reciprocal states are approved for participation in the Pennsylvania State Grant Program.

A reciprocal state is one that permits its own state grant funds to be used by students attending schools in Pennsylvania. States that continue to support students attending schools in Pennsylvania include Delaware, District of Columbia, Massachusetts, Ohio, Vermont, and West Virginia. Students attending institutions in all other states are ineligible. Two exceptions to this provision are Allegany Community College of Maryland and Jamestown Community College of New York.

**Approved Unique Programs of Study:** Applicants attending institutions in non-reciprocal states and enrolled in an approved unique program of study may be eligible for Pennsylvania State Grant aid. The currently approved unique programs include the following:

- Rochester Institute of Technology, Biomedical Photo (Now called Photographic Imaging Technologies with a Biomedical Photographic Communications Option)
- Rochester Institute of Technology, Imaging Science
- Rochester Institute of Technology, National Technical Institute for the Deaf
- University of Maryland, Fire Protection Engineering
- Fashion Institute of Technology, Toy Design
- State University of New York (SUNY) Maritime College, Facilities Engineering
- University of Rochester, Optics

Listed below are the Out-of-State Maximum and Minimum Awards with the Award Adjustment Factor applied:

Type of State	Out-of-State Minimum Awards	Out-of-State Maximum Awards	
		Non-Veteran	Veteran
Reciprocal States	\$500	\$559	\$745
Approved Exception Schools and Unique Programs of Study in Non-Reciprocal States	\$500	\$500	\$745

- F. **Half-Time Applicants** - Half-time enrollees are eligible for up to one-half of their full-time award. The minimum in-state award and the minimum out-of-state award are both \$500. Therefore, a student enrolled on a half-time basis whose award as a full-time student is less than \$1,000 (attending in-state or out-of-state) will not be eligible as a half-time student. Demonstrating sufficient need to receive a minimum half-time award applies to those students attending both Pennsylvania and out-of-state approved institutions.
- G. **Calculation of Conditional Awards** - Announcements of conditional State Grant eligibility are made to students in May in order to assist planning for college financing. The students are advised that these conditional awards are subject to change. Once the budget is passed and has been signed into law, the final award values will be recalculated, if necessary, and students will be notified to recheck their award status on Account Access.

Created in 1963 by the Pennsylvania General Assembly, the Pennsylvania Higher Education Assistance Agency (PHEAA) has evolved into one of the nation's leading student aid organizations. Today, PHEAA is a national provider of student financial aid services, serving millions of students and thousands of schools through its loan guaranty, loan servicing, grant administration, outreach, and other student aid programs.

PHEAA's earnings are used to support its public service mission and to pay its operating costs, including the administration of the Pennsylvania State Grant and other state-funded student aid programs. PHEAA continues to devote its energy, resources and imagination to developing innovative ways to ease the financial burden of higher education for students, families, schools, and taxpayers.

PHEAA conducts its student loan servicing activities nationally as FedLoan Servicing and American Education Services (AES). For more information, visit [PHEAA.org](http://PHEAA.org).
