# Section 121.47 – State Higher Education Grant Program Manual

---

As established in the Pennsylvania Higher Education Assistance Agency (PHEAA) Regulations

- a. The Agency will publish annually a State Higher Education Grant Program Manual containing the following:
  - 1. Current financial need analysis procedures established by the Agency.
  - 2. A list of approved colleges, universities, and hospital schools of nursing located in this Commonwealth.
  - 3. A list of approved programs of study offered by approved trade, technical, and business schools located in this Commonwealth.
  - 4. A list of approved institutions of higher learning located outside this Commonwealth.
  - 5. Where applicable, a list of approved programs of study offered by institutions on higher learning located outside this Commonwealth.
  - 6. A list of accrediting agencies (bodies) recognized by the Agency for the State Higher Education Grant Program.
- b. The State Higher Education Grant Program Manual will be available on the Agency's website.

# 2020-21 PA State Grant Need Analysis Computation Procedures

---

All applicants will be considered in accordance with the Expected Family Contribution (EFC) driven formula. The EFC used to determine the PA State Grant will be calculated in accordance with the federal Need Analysis Formula and PHEAA policies. It will not always match the EFC used by the U.S. Department of Education (ED) or by the school.

## Pennsylvania State Grant & Federal Pell Grant Programs

Federal Pell Grants are intended to be the “floor” of financial aid with all other forms of financial assistance, including PA State Grants. Accordingly, PA State Grant applicants must also apply for federal student aid and 100 percent of the calculated Pell Grant award will be considered with a few noted exceptions.

For 2020-21, the only PA State Grant applicants whose eligibility is determined without regard to Federal Pell Grant aid are those who:

3. Have suffered the death or permanent and total disability of a parent or spouse on or since January 1, 2019 and are being considered under PHEAA’s “recent death or disability” policy (see [page 6](#)). To obtain the necessary form, visit [PHEAA.org/forms](https://www.pheaa.org/forms).
4. Are veterans of the U.S. Armed Services.

Effective for the 2020-21 Academic Year, the highest EFC for Pell Grant eligibility has been set at 5711.

## Correcting the FAFSA® Data

If corrections or updates to the Free Application for Federal Student Aid (FAFSA®) are needed after the applicant initially submits and if PHEAA has not directly requested clarification or data from the applicant, changes may be made through the FAFSA correction process at any time prior to August 1. After August 1, the applicant should make corrections or updates by copying [PHEAA.org/corrections](https://www.pheaa.org/corrections) into the web browser and following the instructions. If PHEAA has requested clarification or data, the applicant needs to provide updates to PHEAA directly at PHEAA, PO Box 8157, Harrisburg, PA 17105-8157. PHEAA staff is available to answer questions at 800-692-7392. (TTY: Dial 711 for hearing impaired)

## Determination of PA State Grant Eligibility

Although PA State Grant eligibility is based primarily on financial need, all applicants must continue to comply with certain basic requirements before a student is determined eligible.

An applicant must:

- Be enrolled at least half-time (defined as at least six semester credits or the equivalent).
- Be unconditionally admitted and enrolled in an approved program of study of at least 2 academic years in length.
- Be enrolled in a school approved by PHEAA for PA State Grant purposes.
- Not have received the maximum number of PA State Grant awards permitted.
- Be of satisfactory character (not be incarcerated).
- Be a domiciliary of Pennsylvania.
- Be a high school graduate as stipulated in the PA State Grant law.
- Maintain satisfactory academic progress as defined by PHEAA.

- Not have earned a bachelor’s degree or the equivalent.
- Not be in default or pending default on an educational loan. This also applies to programs where awards have been converted to loans due to failure to meet all eligibility or service requirements and the loan is in a default status.
- If enrolled at an institution that is Not Headquartered and Domiciled (Non-HQD) in Pennsylvania, be enrolled in a program of study where at least 50 percent of the total credit or clock hours needed for completion of the program are earned through classroom instruction:
  - The program itself must be structured to allow the student to complete at least 50 percent of credits or clock hours in the classroom.
  - The student’s enrollment pattern by term must also consist of at least 50 percent classroom instruction.

Students who are enrolled at Non-HQD schools and who have medical disabilities as defined by the American with Disabilities Act (ADA) of July 1990 (P.L. 101-336) may request an accommodation to the 50 percent classroom instruction enrollment by term requirement of the PA State Grant Program. To access the ADA Accommodation Request Form, visit [PHEAA.org/forms](https://www.pheaa.org/forms).

Headquartered & Domiciled in PA (HQD)	Non-Headquartered & Domiciled in PA (Non-HQD)
Pennsylvania Community Colleges	Schools that are not physically located in Pennsylvania are not domiciled in Pennsylvania and are “Non-HQD”
Pennsylvania State System of Higher Education (PASSHE) Universities	
State-related institutions, including Lincoln University, Pennsylvania State University, Temple University, and the University of Pittsburgh	Institutions located in Pennsylvania, but owned by a parent company, where the parent company is not headquartered in Pennsylvania
Most private 4-year institutions located in PA	

**Note:** Students are encouraged to contact their school or PHEAA to verify if their school is considered HQD or Non-HQD.

- File and complete the application process by the appropriate deadlines:

All non-renewal applicants at a community college; a designated Pennsylvania Open Admission institution<sup>1</sup>, a Business, Trade, or Technical (BTT) school; a Hospital School of Nursing; or enrolled in a non-transferable 2-year program – August 1, 2020; all other applicants – May 1, 2020.

**Note:** The May 1 deadline was extended to May 15, 2020 as a result of COVID-19.

Designated Pennsylvania Open Admission Institutions
Cheyney University of Pennsylvania
Gratz College
Harcum College
Harrisburg University of Science and Technology
Lackawanna College
Peirce College
Pennsylvania College of Technology
Pennsylvania Institute of Technology
Valley Forge Military Academy and College

<sup>1</sup> Designated Pennsylvania Open Admission institutions are schools that meet the ED definition and were approved by the PHEAA Board of Directors for PA State Grant filing deadline purposes for the 2020-21 Academic Year.

## Recent Death or Disability of a Parent or Spouse Policy

Where a parent or spouse has died or has been permanently and totally disabled on or since January 1, 2019, the PA State Grant (for the first year following the death or disability) will be calculated without regard to income data or Federal Pell Grant eligibility, not to exceed the maximum PA State Grant award established for the level of college costs to be incurred at the institution the student is attending.

**Note:** Assets may also be excluded if not required or if the requirements for the Simplified Needs test are met.

## 2020-21 Need Analysis Calculations

### I. Calculation of PA State Grant College Costs

These apply to all student types:

- **Tuition and Fees** – Tuition and fees for the institution or program of study as reported for the 2020-21 Award Year by the school, and approved by PHEAA.
- **Books and Supplies** – A \$1,000 annual allowance for books and supplies is included.
- **Educational Expense Allowance** – A \$4,000 standard allowance for all students regardless of housing status.

**Note:** All costs are subject to PHEAA-approved guidelines. Total college costs are subject to the college cost cap of \$32,000 effective for the 2020-21 Academic Year.

### II. Calculation of Need for the PA State Grant

A student's need is calculated by subtracting the EFC and any calculated Federal Pell Grant from the total allowable educational costs (limited to \$32,000). The result is the student's need.

**Exceptions include the following:**

- Applicants who are veterans of the U.S. Armed Services are automatically assigned an EFC and Federal Pell Grant amount of zero.
- Those who qualify for special consideration due to recent death or recent disability are processed as indicated on page 6.
- For single, independent students with no dependents, PHEAA reduces the EFC by 25 percent (but continues to use 100 percent of the calculated Pell Grant).
- If a portion of the assets that were required to be reported on the FAFSA® included assets placed in a Pennsylvania Treasury 529 College Savings Account, those assets must be separately reported to PHEAA in order to be excluded in the determination of PA State Grant eligibility.

### III. Calculation of a PA State Grant

- a. The PA State Grant is initially calculated as a percentage of the student's need. The percentage is based on EFC, as defined in the following table:

EFC Range	Percentage of Need Met
0 – 4,000	50%
4,001 – 6,000	38%
6,001 – 8,000	32%
8,001 – 10,000	27%
10,001 – 12,000	14%
12,001 and Above	3%

- b. The award is then rounded down to the nearest \$50 increment (for example, \$526 would become \$500).
- c. The In-State Maximum Award levels listed below were established and last fully funded in 2007-08. To keep the awards within the available funding level, an Award Adjustment Factor (AAF) of .9627 is applied. Please note that if the AAF calculation causes the award to go below a minimum award, the student will receive the minimum award. Applying the AAF of .9627 results in the following In-State Maximum Awards:

2007-08 Maximum Awards	2020-21 Cost Tiers	2020-21 Maximum Awards (<=50% DE)	2020-21 Maximum Awards (>50% DE)
\$2,500	\$0 – \$12,000	\$2,407	\$2,407
\$4,000	\$12,001 – \$19,000	\$3,851	\$3,851
\$4,300	\$19,001 – \$29,000	\$4,140	\$4,140
\$4,700	\$29,001 – \$32,000	\$4,525	\$4,525

**Note:** The AAF for enrollment of less than or equal to 50 percent distance education is .9627. The AAF for enrollment greater than 50 percent distance education is also .9627.

All awards will be equalized by term. The equalization process may result in students losing one or two dollars from their calculated award amount or gaining one dollar.

- d. For applicants attending approved Pennsylvania institutions, the award is subject to the following minimums and maximums listed below:

Total Educational Costs	Minimum Awards	Maximum Awards (<=50% DE)	Maximum Awards (>50% DE)
\$0 – \$12,000	\$500	\$2,407	\$2,407
\$12,001 – \$19,000	\$500	\$3,851	\$3,851
\$19,001 – \$29,000	\$500	\$4,140	\$4,140
\$29,001 – \$32,000	\$500	\$4,525	\$4,525

**Note:** The AAF for enrollment of less than or equal to 50 percent distance education is .9627. The AAF for enrollment greater than 50 percent distance education is also .9627.

- e. For applicants attending approved out-of-state institutions, the minimum award is \$500. To qualify for the minimum award, the student must demonstrate sufficient need (ex: full-time need of \$1,000 is required to receive a half-time grant of \$500). The maximum award, which is then also subject to the .9627 AAF, is \$600; or \$800 if the student is a veteran of the U.S. Armed Services.

- f. **Approved States:** Only private non-profit and public schools located in reciprocal states are approved for participation in the PA State Grant Program.
- g. A reciprocal state is one that permits its own state grant funds to be used by students attending schools in Pennsylvania. States that continue to support students attending schools in Pennsylvania include Delaware, District of Columbia, Massachusetts, Ohio, Vermont, and West Virginia. Students attending institutions in all other states are ineligible. Two exceptions to this provision are Allegany Community College of Maryland and Jamestown Community College of New York.

Listed below are the Out-of-State Maximum and Minimum Awards with the AAF applied:

Type of State	Out-of-State Minimum Awards	Out of State Maximum Awards	
		Non-Veteran	Veteran
Reciprocal States	\$500	\$578	\$770
Approved Exception Schools	\$500	\$500	\$770

**Note:** The AAF for enrollment of less than or equal to 50 percent distance education is .9627 The AAF for enrollment greater than 50 percent distance education is also .9627.

- h. **Half-Time Applicants** – Half-time enrollees are eligible for up to one-half of their full-time award. The minimum in-state award and the minimum out-of-state award are both \$500. Therefore, a student enrolled on a half-time basis whose award as a full-time student is less than \$1,000 (attending in-state or out-of-state) will not be eligible as a half-time student. Demonstrating sufficient need to receive a minimum half-time award applies to those students attending both Pennsylvania and out-of-state approved institutions.
- i. **Calculation of Conditional Awards** – Announcements of conditional PA State Grant eligibility are typically made to students in May/June in order to assist planning for college financing. The students are advised that these conditional awards are subject to change. Once the budget is passed and has been signed into law, the final award values will be recalculated, if necessary, and students will be notified to recheck their award status on Account Access (the student portal). At this time, due to the passage of the Commonwealth budget in late May, the June announcements to students of 2020-21 award eligibility are considered final.

# Major Accrediting Agencies

---

The list of accrediting agencies (bodies) recognized by PHEAA for the PA State Grant Program includes all accrediting bodies recognized by the United States Department of Education (ED) or the Council for Higher Education Accreditation (CHEA).

Current listings for ED and CHEA can be found via the following links:

- [ope.ed.gov/dapip/#/home](https://ope.ed.gov/dapip/#/home)
- [chea.org/chea-usde-recognized-accrediting-organizations](https://chea.org/chea-usde-recognized-accrediting-organizations)

West Virginia University

Wilmington University

Youngstown State University

Created in 1963 by the Pennsylvania General Assembly, the Pennsylvania Higher Education Assistance Agency (PHEAA) has evolved into one of the nation's leading student aid organizations. Today PHEAA is a national provider of student financial services, serving millions of students and thousands of schools through its loan guaranty, loan servicing, financial aid processing, outreach, and other student aid programs.

PHEAA's earnings are used to support its public service mission and to pay its operating costs, including administration of the Pennsylvania State Grant and other state-funded student aid programs. As the only major federal loan servicer with a nonprofit public service mission, PHEAA devotes its energy and resources to help ease the financial burden of higher education for its primary stakeholders – Pennsylvania students and families.

PHEAA conducts its student loan servicing operations nationally as FedLoan Servicing and American Education Services (AES). PHEAA operates its digital technology division as Avereo. For more information, visit [PHEAA.org](http://PHEAA.org).

## Board of Directors

**Representative Michael Peifer**  
Chairman, Greentown

**Senator Wayne D. Fontana**  
Vice Chairman, Pittsburgh

**Senator Ryan Aument**  
Landisville

**Senator John P. Blake**  
Lackawanna

**Representative Mike Carroll**  
Avoca

**Representative Angel Cruz**  
Philadelphia

**Representative Sheryl M. Delozier**  
Cumberland

**Senator Arthur Haywood**  
Philadelphia

**Senator Vincent J. Hughes**  
Philadelphia

**Representative Anita Kulik**  
Allegheny

**Representative Steven C. Mentzer**  
Lancaster

**Senator Kristin Phillips-Hill**  
York
