Section 121.47 - State Higher Education Grant Program Manual

As established in the Pennsylvania Higher Education Assistance Agency (PHEAA) Regulations

a. The Pennsylvania Higher Education Assistance Agency (PHEAA) will publish annually a State Higher Education Grant Program Manual containing the following:

1. Current financial need analysis procedures established by PHEAA
2. A list of approved colleges, universities, and hospital schools of nursing located in this Commonwealth
3. A list of approved programs of study offered by approved trade, technical, and business schools located in this Commonwealth
4. A list of approved institutions of higher learning located outside this Commonwealth
5. Where applicable, a list of approved programs of study offered by institutions of higher learning located outside this Commonwealth
6. A list of accrediting agencies (bodies) recognized by PHEAA for the State Higher Education Grant Program

b. The State Higher Education Grant Program Manual is available on PHEAA.org.
2022-23 PA State Grant Need Analysis Computation Procedures

All applicants will be considered in accordance with the Expected Family Contribution (EFC) driven formula. The EFC used to determine the PA State Grant will be calculated in accordance with the federal Need Analysis Formula and PHEAA policies. It will not always match the EFC used by the U.S. Department of Education (ED) or by the school.

I. PA State Grant & Federal Pell Grant Programs

Federal Pell Grants are intended to be the “floor” of financial aid which all other forms of financial assistance build upon, including PA State Grants. Accordingly, PA State Grant applicants must also apply for federal student aid and 100 percent of the PHEAA-calculated Pell Grant award will be considered with a few noted exceptions.

For 2022-23, the only PA State Grant applicants whose eligibility is determined without regard to Federal Pell Grant aid are those who:

- Have suffered the death or permanent and total disability of a parent or spouse on or since January 1, 2021 and are being considered under PHEAA’s “recent death or disability” policy, “A. Recent Death or Disability of a Parent or Spouse Policy” on Page 6. (To obtain the necessary form, visit PHEAA.org/forms.)
- Are veterans of the U.S. Armed Services

Effective for the 2022-23 Academic Year, the highest EFC for Pell Grant eligibility has been set at 6206.

II. Correcting the FAFSA® Data

If corrections or updates to the Free Application for Federal Student Aid (FAFSA®) are needed after the applicant initially submits and if PHEAA has not directly requested clarification or data from the applicant, changes may be made through the FAFSA correction process at any time prior to August 1. After August 1, the applicant should make corrections or updates by copying PHEAA.org/corrections into their web browser and following the instructions. If PHEAA has requested clarification through a letter or form sent to the student, the applicant needs to provide those updates to PHEAA directly through the File Upload feature on Account Access or to PHEAA, PO Box 8157, Harrisburg, PA 17105-8157. PHEAA staff is available to answer questions at 800-692-7392 (TTY: Dial 711 for hearing impaired).

III. Determination of PA State Grant Eligibility

Although PA State Grant eligibility is based primarily on financial need, all applicants must continue to comply with certain basic requirements before a student is determined eligible.

An applicant must:

- Be enrolled at least half time (defined as at least six semester credits or the equivalent)
• Be unconditionally admitted and enrolled in an approved program of study of at least 2 academic years in length
• Be enrolled in a postsecondary school approved by PHEAA for PA State Grant purposes
• Not have received the maximum number of PA State Grant awards permitted
• Be of satisfactory character (not incarcerated)
• Be a resident of Pennsylvania, as stipulated in PA State Grant law
• Be a high school graduate, as stipulated in the PA State Grant law
• Maintain satisfactory academic progress as defined by PHEAA
• Not have earned a bachelor’s degree or the equivalent
• Not be in default or pending default on an educational loan, which also applies to any program where the award has been converted to a loan and the loan is in a default status
• If enrolled at an institution that is not headquartered and domiciled (Non-HQD) in Pennsylvania, be enrolled in a program of study where at least 50 percent of the total credit or clock hours needed for completion of the program are earned through classroom instruction:
  - The program itself must be structured to allow the student to complete at least 50 percent of credits or clock hours in the classroom
  - The student’s enrollment pattern by term must also consist of at least 50-percent classroom instruction

Students who are enrolled at Non-HQD schools and who have medical disabilities as defined by the Americans with Disabilities Act (ADA) of July 1990 (P.L. 101-336) may request an accommodation to the 50-percent classroom instruction enrollment by term requirement of the PA State Grant Program. To access the ADA Accommodation Request Form, visit PHEAA.org/forms.

### Headquartered & Domiciled Comparison

<table>
<thead>
<tr>
<th>Headquartered &amp; Domiciled in PA (HQL)</th>
<th>Non-Headquartered &amp; Domiciled in PA (Non-HQL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pennsylvania Community Colleges</td>
<td>Schools that are not physically located in Pennsylvania are not domiciled in Pennsylvania and are “Non-HQL”</td>
</tr>
<tr>
<td>Pennsylvania State System of Higher Education (PASSHE) Universities</td>
<td></td>
</tr>
<tr>
<td>State-related institutions, including Lincoln University, Pennsylvania State University, Temple University, and the University of Pittsburgh</td>
<td>Institutions located in Pennsylvania, but owned by a parent company, where the parent company is not headquarter in Pennsylvania</td>
</tr>
<tr>
<td>Most private 4-year institutions located in PA</td>
<td></td>
</tr>
</tbody>
</table>

**NOTE:** Students are encouraged to contact their school or PHEAA to verify if their school is considered HQD or Non-HQD.

• File and complete the application process by the appropriate deadlines:
  - All non-renewal applicants at a community college; a designated Pennsylvania Open Admission institution, a Business, Trade, or Technical (BTT) school; a Hospital School of Nursing; or enrolled in a non-transferable 2-year program – August 1, 2022; all other applicants – May 1, 2022

**NOTE:** Designated Pennsylvania Open Admission institutions are schools that meet the ED definition and were approved by the PHEAA Board of Directors for PA State Grant filing deadline purposes for the 2022-23 Academic Year.
A. Recent Death or Disability of a Parent or Spouse Policy

Where a parent or spouse has died or has been permanently and totally disabled on or since January 1, 2021, the PA State Grant (for the first year following the death or disability) will be calculated without regard to income data or Federal Pell Grant eligibility, not to exceed the maximum PA State Grant award established for the level of college costs to be incurred at the institution the student is attending.

NOTE: Assets may also be excluded if not required.

IV. 2022-23 Need Analysis Calculations

A. Calculation of PA State Grant College Costs

These apply to all student types:

- **Tuition and Fees** – Tuition and fees for the institution or program of study, as reported for the 2022-23 Award Year by the school and approved by PHEAA
- **Books and Supplies** – A $1,000 annual allowance for books and supplies is included
- **Educational Expense Allowance** – A $4,000 standard allowance for all students regardless of housing status

NOTE: All costs are subject to PHEAA-approved guidelines. Total college costs are subject to the 2022-23 college cost cap of $32,000.

B. Calculation of Need for the PA State Grant

A student's need is calculated by subtracting the EFC and any PHEAA-calculated Federal Pell Grant from the total allowable educational costs (limited to $32,000). The result is the student's need.

Exceptions include the following:
- Applicants who are veterans of the U.S. Armed Services are automatically assigned an EFC and Federal Pell Grant amount of zero.
- Those who qualify for special consideration due to recent death or recent disability are processed as indicated in “A. Recent Death or Disability of a Parent or Spouse Policy” on Page 6.
For single, independent students with no dependents, PHEAA reduces the EFC by 25 percent, but continues to use 100 percent of the PHEAA-calculated Pell Grant.

If a portion of the assets that were required to be reported on the FAFSA included assets placed in a Pennsylvania Treasury 529 College Savings Account, those assets must be separately reported to PHEAA in order to be excluded in the determination of PA State Grant eligibility.

C. Calculation of a PA State Grant

i. **Percentage of Need Met** – The PA State Grant is initially calculated as a percentage of the student’s need. The percentage is based on EFC, as defined in the following table:

<table>
<thead>
<tr>
<th>EFC Range</th>
<th>Percentage of Need Met</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 4000</td>
<td>50%</td>
</tr>
<tr>
<td>4001 – 6000</td>
<td>38%</td>
</tr>
<tr>
<td>6001 – 8000</td>
<td>32%</td>
</tr>
<tr>
<td>8001 – 10000</td>
<td>27%</td>
</tr>
<tr>
<td>10001 – 12000</td>
<td>14%</td>
</tr>
<tr>
<td>12001 and Above</td>
<td>5%</td>
</tr>
</tbody>
</table>

ii. **Rounding** – The award is then rounded down to the nearest $50 increment (for example, $526 would become $500).

iii. **In-State Maximum Awards** – The 2007-08 In-State Maximum Award levels listed below are used as a baseline. Projected funding for 2022-23 establishes awards in excess of the 2007-08 baseline. Applying the Award Adjustment Factor (AAF) of 1.2234 results in the following In-State Maximum Awards:

<table>
<thead>
<tr>
<th>2007-08 Maximum Awards</th>
<th>2022-23 Cost Tiers</th>
<th>2022-23 Maximum Awards (&lt;=50% DE)</th>
<th>2022-23 Maximum Awards (&gt;50% DE)</th>
</tr>
</thead>
<tbody>
<tr>
<td>$2,500</td>
<td>$0 – $12,000</td>
<td>$3,059</td>
<td>$3,059</td>
</tr>
<tr>
<td>$4,000</td>
<td>$12,001 – $19,000</td>
<td>$4,894</td>
<td>$4,894</td>
</tr>
<tr>
<td>$4,300</td>
<td>$19,001 – $29,000</td>
<td>$5,261</td>
<td>$5,261</td>
</tr>
<tr>
<td>$4,700</td>
<td>$29,001 – $32,000</td>
<td>$5,750</td>
<td>$5,750</td>
</tr>
</tbody>
</table>

- The AAF for enrollment of less than or equal to 50-percent distance education is 1.2234. The AAF for enrollment greater than 50-percent distance education is also 1.2234.
- If the AAF is below 1.0 and this causes the award to go below a minimum award, the student will receive the minimum award.
- All awards will be equalized by term. The equalization process may result in students losing or gaining one or two dollars from their calculated award amount.

iv. **Educational Cost Tiers** – For applicants attending approved Pennsylvania institutions, the award is subject to the minimums and maximums listed below:
Approved Pennsylvania Institution Award Minimums & Maximums

<table>
<thead>
<tr>
<th>Total Educational Costs</th>
<th>Minimum Awards</th>
<th>Maximum Awards (&lt;=50% DE)</th>
<th>Maximum Awards (&gt;50% DE)</th>
</tr>
</thead>
<tbody>
<tr>
<td>$0 – $12,000</td>
<td>$500</td>
<td>$3,059</td>
<td>$3,059</td>
</tr>
<tr>
<td>$12,001 – $19,000</td>
<td>$500</td>
<td>$4,894</td>
<td>$4,894</td>
</tr>
<tr>
<td>$19,001 – $29,000</td>
<td>$500</td>
<td>$5,261</td>
<td>$5,261</td>
</tr>
<tr>
<td>$29,001 – $32,000</td>
<td>$500</td>
<td>$5,750</td>
<td>$5,750</td>
</tr>
</tbody>
</table>

NOTE: The AAF for enrollment of less than or equal to 50-percent distance education is 1.2234. The AAF for enrollment greater than 50-percent distance education is also 1.2234.

v. Non-PA Minimums & Maximums – For applicants attending approved out-of-state institutions, the minimum award is $500. To qualify for the minimum award, the student must demonstrate sufficient need (e.g., full-time need of $1,000 is required to receive a half-time grant of $500). The maximum award is $600 for non-veterans or $800 if the student is a veteran of the U.S. Armed Services.

vi. Approved Reciprocal States – Only private non-profit and public schools located in reciprocal states are approved for participation in the PA State Grant Program.

A reciprocal state is one that permits its own state grant funds to be used by students attending schools in Pennsylvania. States that continue to support students attending schools in Pennsylvania include Delaware, District of Columbia, Massachusetts, Ohio, Vermont, and West Virginia. Students attending institutions in all other states are ineligible. Two exceptions to this provision are Allegany Community College of Maryland and Jamestown Community College of New York.

Out-of-State Maximum & Minimum Awards with the AAF Applied

<table>
<thead>
<tr>
<th>Type of State</th>
<th>Out-of-State Minimum Awards</th>
<th>Out-of-State Maximum Awards</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reciprocal States</td>
<td>$500</td>
<td>$600</td>
</tr>
<tr>
<td>Approved Exception Schools</td>
<td>$500</td>
<td>$600</td>
</tr>
</tbody>
</table>

vii. Half-Time Applicants – Half-time enrollees are eligible for up to one-half of their full-time award. The minimum in-state award and the minimum out-of-state award are both $500. Therefore, a student enrolled on a half-time basis whose award as a full-time student is less than $1,000 (attending in-state or out-of-state) will not be eligible as a half-time student. Demonstrating sufficient need to receive a minimum half-time award applies to those students attending both Pennsylvania and out-of-state approved institutions.

viii. Calculation of Conditional Awards – Announcements of conditional PA State Grant eligibility are typically made to students in May or June in order to assist planning for college financing. The students are advised that these conditional awards are subject to change. Once the budget is passed and has been signed into law, the final award values will be recalculated, if necessary. Students are notified to recheck their award status on Account Access (the student portal) any time their award changes.

V. Major Accrediting Agencies

The list of accrediting agencies (bodies) recognized by PHEAA for the PA State Grant Program includes all accrediting bodies recognized by the United States Department of Education (ED) or the Council for Higher Education Accreditation (CHEA). Current listings for ED and CHEA can be found via the following links:

- ope.ed.gov/dapip/#/home
- chea.org/chea-and-usde-recognized-accrediting-organizations

Created in 1963 by the Pennsylvania General Assembly, the Pennsylvania Higher Education Assistance Agency (PHEAA) has evolved into one of the nation’s leading student aid organizations. Today, PHEAA is a national provider of student financial services, serving millions of students and thousands of schools through its loan guaranty, loan servicing, financial aid processing, outreach, and other student aid programs.

PHEAA’s earnings are used to support its public service mission and to pay its operating costs, including administration of the PA State Grant and other state-funded student aid programs. As the only major federal loan servicer with a nonprofit public service mission, PHEAA devotes its energy and resources to help ease the financial burden of higher education for its primary stakeholders—Pennsylvania students and families.

PHEAA conducts its student loan servicing operations nationally as FedLoan Servicing and American Education Services (AES). PHEAA operates its digital technology division as Avereo. For more information, visit PHEAA.org.
