Living Situation - If you have been directed to complete the “Dependent Status Notice” form, you are currently considered a dependent student for State Grant purposes and must follow these living situation instructions. Check the box which best identifies the person(s) with whom you resided most of the 12 months immediately preceding the filing of your FAFSA. If you did not reside with either parent, you must select the parent who provided you with the most support (money, housing, food, car insurance, etc.) during those 12 months. If your legal parent has remarried and the marriage occurred prior to the filing date of your application, select your legal parent and stepparent.

Both Parents may mean your birth or legally adoptive parents (if adopted prior to the age of 13), or one birth parent and one legally adoptive parent, regardless of your parents’ marital status.

Mother Only means that your mother is unmarried and only your mother’s income should be provided.

Father Only means that your father is unmarried and only your father’s income should be provided.

Mother and Stepparent means your mother and non-adoptive stepparent.

Father and Stepparent means your father and non-adoptive stepparent.

* In the Care of a Person (Guardian)/Appointed Entity should be selected if you reside with a relative, foster parents, legal guardian, are a ward of the court or are homeless or residing in a transitional living facility.

* Unmarried and in My Own Care should be selected if you are not residing with either parent and are self-supporting.

*Additional information is required if you answer "In the Care of a Person (Guardian)/Appointed Entity" or "Unmarried and in My Own Care" unless 1) both parents are deceased, 2) you are a veteran, or 3) your date of birth is before January 1, 1996. Please visit pheaa.org/livingsituation for details on what information is required and to determine if you should submit the “Independent Status Notice” instead.

2. Write in the two-letter abbreviation for your current state of legal residence. Residency (domicile) is your true, fixed, and permanent home. If you moved into a state for the sole purpose of attending a college, do not count that state as your legal residence, unless you registered to vote there.

3. Write in the date you became a legal resident of your current state of legal residence. If you have always lived in that state, you may use your date of birth as the date of legal residence.

4. Give the current marital status of the person(s) requested by checking the appropriate status. For example, check married/remarried box if you must give information about your mother and stepfather.

5. Check “No” if you do not have a bachelor's degree from a college and you will not have one by July 1, 2019. Check “Yes” if you already have a bachelor's degree or will have one by July 1, 2019. Also check “Yes” if you have or will have a degree from a college in another country that is equivalent to a bachelor's degree.

6. Write in either the date that you graduated or expect to graduate from high school or homeschool, or the date that you earned or expect to earn a certificate or diploma through the General Education Development (GED) Program. Leave the date blank if you received a foreign high school, correspondence school or distance learning diploma, military GED or have not graduated from high school. A student achieving a diploma from one of the above will be requested to submit documentation to verify that you meet the high school graduation requirement for State Grant eligibility.

7. If you were homeschooled, please indicate the name of the homeschool organization that issued your diploma. If you have obtained an Act 196 Home Education Diploma, please indicate such.

8a. Check “No” if you:

— are currently a cadet or midshipman at a service academy,
— are a National Guard or Reserves enlistee activated only for training,
— are currently serving in the U.S. Armed Forces and will continue to serve through June 30, 2020.

Check “Yes” if you:
— have engaged in active duty in the U.S. Armed Forces (Army, Navy, Air Force, Marines, or Coast Guard) or as a member of the National Guard or Reserves were called to active duty for other than state or training purposes, or were a cadet or midshipman at one of the service academies; and were released under a condition other than dishonorable, uncharacterized, bad conduct or other than honorable, or

Include your parent(s)/stepparent's other children if they receive more than half of their support from your parent(s)/stepparent and will continue to receive more than half of their support from July 1, 2019 through June 30, 2020. Do NOT include any children for whom child support paid has been reported.

Please note that in order for your parent/stepparent to claim that they are providing more than half of someone's support, they must be able to demonstrate that the direct support they provide is greater than the personal resources of the individual listed in the household size.

Relevant definitions include:

Direct support represents both in-kind support such as free/reduced rent, utilities, medical and dental care, payment of college costs or other services in addition to actual cash assistance.

Individual personal resources include both taxable and untaxable income such as wages, unemployment compensation, retirement income/distribution, dividend and investment earnings, Social Security benefits, disability payments, and other sources of income.

Include others if they now live with you and will continue to receive more than half of their total support from July 1, 2019 through June 30, 2020. Please note that in order for you and your spouse to claim that you are providing more that half of someone's support, you must be able to demonstrate that the direct support you provide is greater than the personal resources of the individual listed in the household size. Rights and Responsibilities Certification Document

Applicant’s Rights, Responsibilities, Privacy, and Certification for the Pennsylvania State Grant Program

To stay current with the status of your Pennsylvania State Grant, please keep your email address updated and regularly check your record through Account Access via PHEAA’s Secure Sign-In at www.pheaa.org.

All applicants have certain rights regarding their application for State Grant aid. When an applicant has been awarded a State Grant, the applicant also has certain responsibilities as a recipient. This document explains these rights and responsibilities and provides other important information. This document and other State Grant forms are available on PHEAA's website at www.pheaa.org. The rights and responsibilities of all applicants are provided for by 24 P.S. §65151, et. seq., and 22 Pa. Code §121.41, et. seq. To fully understand your rights and responsibilities, your full review of these provisions is encouraged. Nothing stated in this document supersedes applicable law, and to the extent, anything stated in this document conflicts with applicable law, applicable law controls.

PHEAA reserves the right to modify the Rights and Responsibilities Certification Document at any time. It is your responsibility to review and adhere to the Rights and Responsibilities Certification Document in effect at the time of each Application and/or receipt of each State Grant award. Submitting an Application and/or accepting a State Grant award constitutes your acknowledgement and acceptance of the then current Rights and Responsibilities Certification Document.

Section I explains how to submit applications, corrections, request reconsideration of State Grant status, and provides general information. Section II explains the primary State Grant eligibility requirements. These requirements are not all inclusive; however, all requirements are provided for in the PA statute and regulations or other authority. Section III provides information on PHEAA’s Privacy Policy, the Federal Privacy Act, and use of your Social Security Number. Section IV explains the certification and authorization that your acceptance provides.

For purposes of this Rights and Responsibilities Certification Document, "Application" includes the Free Application for Federal Student Aid (FAFSA®) and the Pennsylvania State Grant Form and/or State Grant Status Notice; "Institution" includes all schools, campuses, or additional locations that are affiliated through ownership or administration with the home postsecondary institution; and "State Grant" means the Pennsylvania State Grant Program.

Section I: Eligibility Update, Reconsideration, and General Information

The Student Aid Report (SAR) you receive after filing the FAFSA will detail all of the responses you provided on your FAFSA. If you determine that any of the enrollment, school choice, or program of study data is incorrect on your SAR, you may correct that information through Account Access at www.pheaa.org. If financial data or other information is incorrect, you must submit corrections as specified on PHEAA's webpage at www.pheaa.org. In rare cases, you may receive a printed State Grant Status Notice on which to submit updates. When submitting changes on this form, appropriate signatures must be provided and the form must be returned to PHEAA.

When determining State Grant eligibility, income and assets have been disregarded when calculating awards for those applicants who are veterans. Income has also been disregarded for those applicants who provided information regarding a recent death or a recent permanent and total disability of a parent or spouse. For students who have provided information regarding a recent death or disability of a parent or spouse, disregarding income for award calculation, this special processing is limited to one award year and income and asset information will be considered in future award years. This special processing is also subject to the maximum award allowed per cost of the institution the student is attending.

Assets held in a Pennsylvania 529 or PA ABLE college savings plan account are disregarded when determining State Grant eligibility. If Pennsylvania 529 or PA ABLE college savings plan assets have been included in the investments reported on the FAFSA, please indicate the value of those assets when completing the online Pennsylvania State Grant Form or State Grant Status Notice.

Failure to comply with the rights and responsibilities under which the State Grant is awarded may result in forfeiture of the State Grant award. Once a recipient is found to be out of compliance with the eligibility requirements, or if you question your eligibility for any reason, you are required to report your situation in writing to PHEAA, Pennsylvania State Grant Program, P.O. Box 8157, Harrisburg, PA 17105-8157 immediately, but no later than April 1 of the applicable academic year (or October 31 following the applicable summer term). Failure to do so may result in legal action against you. By submitting the Application and related documents, you authorize your institution to release any and all information relevant to your State Grant eligibility to PHEAA.

Public Notice - By accepting a State Grant award, the recipient authorizes PHEAA to make the required public announcement of such and/or provide your information, including your email address, to other Commonwealth agencies and officials. Any student who objects to such announcement must notify PHEAA in writing within 14 days of notice of his/her award.

Other Financial Aid - All scholarships, grants, tuition reimbursements (such as from an employer), waivers and all other aid you receive must be reported directly to the financial aid administrator at your institution.

Payment of State Grant - Payment of your State Grant award is made directly to your institution. Institutions are required to verify student eligibility and must report questionable student eligibility to PHEAA and withhold crediting to your account in those cases.

Aid Deferrals - PHEAA may approve a request for deferment of a State Grant award for one academic term at a time provided, however, that an award may not be deferred beyond July 1 of any given calendar year. As such, State Grant awards may not be deferred from one award year to the next; reapplication is necessary.

Apply for Your State Grant Each Year - You must apply/reapply for State Grant aid each year by the appropriate deadline. Your eligibility will depend on program funding and compliance with all eligibility requirements.

Application for Summer Aid - If you will be enrolled during the summer, it is your responsibility to file the separate State Grant application which is available online. An academic year grant is normally processed for the period that begins in September and ends in May and does not cover the summer term.

Approved Institutions - The institution you attend must be approved for participation in the State Grant Program. Check with the financial aid office at the institution you are planning to attend to confirm the institution is approved.

NOTE - With certain limited exceptions, applicants attending institutions in Maryland or New York are not eligible for a State Grant award.
Section II: Primary Eligibility Requirements for the State Grant Program

Academic Progress - A student is required to successfully complete a minimum of six (6) semester credits per semester (or the equivalent) for each part-time State Grant award received and a minimum of twelve (12) semester credits per semester (or the equivalent) for each full-time State Grant award received. Credits earned for repeat courses which were previously counted when State Grant progress was verified cannot be counted again. Academic progress is confirmed by the financial aid administrator at your institution at the end of each award year. Failure to meet the minimum requirements means that you are ineligible for further State Grant aid until you have successfully completed the required number of credits. For example, a student receiving a full-time State Grant during the fall semester and a part-time State Grant during the spring semester must successfully complete a minimum of eighteen (18) semester credits before being eligible for any further State Grant aid. Full-time students enrolled in four-year degree programs progressing at the rate of only twenty-four (24) semester credits per year (or the equivalent), while meeting the minimum State Grant progress standard, will utilize all of their State Grant eligibility before completing the minimum 120 credits required of most Bachelor degree programs. If you have any questions regarding your academic progress or credits that may be counted toward State Grant academic progress, you should contact your financial aid administrator.

Criminal Offense - If you have been convicted of a criminal offense for which you are currently incarcerated, you must notify PHEAA in writing. You are NOT eligible for a State Grant award. You should also be aware that, by law, schools are required to report recipients who are incarcerated.

Default - Students who have defaulted (or have a claim of default pending) on any educational loan guaranteed or reinsured by the federal government, state government, or any institution are not eligible for a State Grant and must notify PHEAA of such default in writing. This also applies to programs where State Grant awards have been converted to loans due to failure to meet all eligibility or service requirements and the loan is in a default status.

Domicile - Domicile is a person's true, fixed, and permanent home, the place to which the person intends to return whenever absent.

A student who is 18 years of age or older at the time of application must have been a bona fide domiciliary of Pennsylvania for a period of at least 12 consecutive months immediately preceding the date of application, exclusive of time the student spent while enrolled in an educational institution if the student came into or remained in Pennsylvania for the purpose of attending a postsecondary school.

A student who is under 18 years of age at the time of application must have a supporting parent or guardian (defined as a person with whom a minor child has lived and in whose continuous direct care and control the child has been for at least the last two consecutive years) who has been a bona fide domiciliary of Pennsylvania for a period of at least 12 consecutive months immediately preceding the date of application and who continues to be a Pennsylvania domiciliary until fall term classes commence.

A student is ineligible if the student: (1) ceases (or the parent(s) or guardian ceases if the student is under 18) to be a domiciliary prior to the first day of classes of the academic year; (2) receives, due to residency, the benefit of in-state tuition or fees at a public postsecondary school located in another state; or (3) indicates that the state of legal residence is a state other than Pennsylvania. If you are registered to vote in a state other than Pennsylvania, you are considered to have abandoned your Pennsylvania domicile and shall be ineligible for a State Grant award unless and until you register to vote in Pennsylvania. If you again register to vote in Pennsylvania, you should contact PHEAA immediately.

PHEAA shall make the final decision on all matters pertaining to domicile with respect to State Grant eligibility.

Enrollment Status - Half-time enrollment is defined as at least six (6) semester credits but less than twelve 12 semester credits per semester (or the equivalent). Full-time enrollment is defined as the equivalent of at least twelve 12 semester credits per semester. For institutions operating on clock hours, full-time enrollment is normally the equivalent of 450 clock hours per term or non-term payment period.

Financial Data - In order to be eligible to receive a State Grant award you/your family must demonstrate sufficient financial need as determined by PHEAA's approved award formula in place for the applicable award year. The applicant, the applicant's parents/stepparents, and/or spouse who provided financial data on the FAFSA shall also, if requested by PHEAA, (i) provide PHEAA with relevant financial data, including copies of state and federal income tax returns and/or other relevant documents; and/or (ii) authorize the Director of the Pennsylvania Personal Income Tax Bureau and the Federal Internal Revenue Service to release to PHEAA a copy or extract of state and federal income tax returns or transcripts filed by such person.

Secondary School Graduation - You must be (i) a graduate of an approved secondary school (including those in American Territories, American military bases overseas and those located in foreign countries if they have American accreditation); (ii) the recipient of a Commonwealth secondary school diploma or the equivalency diploma of another state; or (iii) the recipient of any diploma or certificate accepted and/or approved by the Pennsylvania Department of Education as fulfillment of the secondary school graduation requirement. Diplomas issued through distance learning or correspondence courses do not fulfill the secondary school graduation requirement.

Maximum Number of State Grants - Students are limited to a maximum number of State Grant awards even though some students may require additional terms to complete their program. Students enrolled in an associate degree program are typically limited to two academic year State Grants awards (2.00 grants). By law, no student may receive more than four academic year State Grant awards (4.00 grants) except students enrolled in a bona fide five-year program or specially approved five-year cooperative work-study program. This is also true for students enrolling part-time, with each term award counting as one-half of a full-time term. A summer State Grant award is included in the maximum number of State Grant awards that you may receive.

Processing Applications - Upon receipt of an application and the required financial data, PHEAA will review the application form for completeness. Where the form is found to be incomplete, additional data will be requested and final processing of the application will be discontinued until all requested data is submitted. In its sole discretion, PHEAA may terminate the processing of an incomplete application when the additional data is not supplied to PHEAA after two requests.

Program of Study - Your total program of study must be at least two academic years in length and must be approved by PHEAA for eligibility in the Pennsylvania State Grant Program. Two academic years is defined as the equivalent of a minimum of 60 semester credits or 1,800 clock hours of instruction (1,500 clock hours in the case of programs leading to the Associate in Specialized Business or Specialized Technology degree). If attending a school that is neither headquartered nor domiciled in Pennsylvania, the program of study must be structured so that at least 50 percent of the total credits/clock hours required for completion are earned through classroom instruction.
Undergraduate Enrollment - You must be enrolled as an undergraduate on at least a half-time basis and must not have received or completed all requirements for your first baccalaureate or professional degree. Remedial, developmental, or foundation courses may, under certain circumstances, count toward the minimum number of credits necessary for enrollment (contact your financial aid administrator to discuss your circumstances). If attending a school that is neither headquartered nor domiciled in Pennsylvania, at least 50 percent of each term's credits/clock hours must be earned through classroom instruction. If you have a medical disability as defined by the Americans with Disabilities Act (ADA) and you are enrolled in a program of study that is structured to allow you to complete at least 50% of your credits or clock hours in the classroom, you may request an exception to the 50% classroom term enrollment requirement by completing the ADA Accommodation Request Form. This ADA Accommodation Request is only applicable to students attending schools that are neither headquartered nor domiciled in Pennsylvania. Please visit pheaa.org for additional details.

Veteran Status - To be considered a veteran for State Grant aid you must have (i) engaged in active service in the United States Armed Forces (Army, Navy, Air Force, Marines, or Coast Guard); or (ii) as an enlistee of the National Guard or Reserves, been activated for duty other than state or training; or (iii) been a cadet or midshipman at one of the service academies. In any event, you must have been released under a condition other than dishonorable, uncharacterized, bad conduct or other than honorable conditions and, if not a veteran now, will be one by June 30 of the award year for which aid is being requested.

Section III - Privacy, Information on the Privacy Act and Use of Your Social Security Number
In general, PHEAA collects information to verify your information, to determine if you are eligible for a State Grant award and to administer your State Grant award. For a specific description and use of information collected, refer to PHEAA's Privacy Policy, which is available at www.pheaa.org.

The Privacy Act of 1974 requires that each federal, state, or local agency that asks for your Social Security Number or other information must tell you the following:
1. Its legal right to ask for the information and whether the law says you must give it;
2. What purpose the agency has in asking for it and how it will be used; and
3. What could happen if you do not provide it

We require your Social Security Number to verify your identity, process your application, and maintain your record, including your college attendance, progress, and your receipt of State Grant funds. If you do not provide your Social Security Number, you will not receive State Grant aid. Pennsylvania State Grant applicants are hereby advised that disclosure of their Social Security Number is and has been a requirement and a condition for participation in the Pennsylvania State Grant Program since its inception in PHEAA, without such an identifier, would have difficulty in maintaining proper program records. Section 7(a)(2) of the Privacy Act provides that an agency may continue to require the disclosure of an individual's Social Security Number where the agency required this disclosure under statute or regulations prior to January 1, 1975, in order to verify the identity of the individual. Beginning in 1966 with Form 3-1A-66 (First Application), applicants have been required to answer all questions completely or face disqualification for State Grant assistance. All subsequent forms utilized by PHEAA contain the Social Security Number or account number as the identifier of the applicant, including State Grant award announcements to the student and the institution's financial aid administrator.

PHEAA's Board of Directors on February 27, 1969 adopted regulations including Article IV-Scholarship Program Requirements and Procedures, Section 4.4, dealing with processing of applications, which provides that all requested data must be received for scholarship consideration. Based upon the same legal authority, PHEAA also requires the parent's, stepparent's, and/or spouse's Social Security Number on the application. The parent's, stepparent's, and/or spouse's Social Security Number will be used by PHEAA to obtain family income information from the Pennsylvania Department of Revenue, Bureau of Individual Taxes. The information is necessary for evaluating the applicant's need for State Grant aid.

Section IV - Statement of Certification and Authorization
Irrespective of the use of singular or plural pronouns, the following applies to all persons that submit an Application, agree to the "Statement of Certification and Authorization" or accept a State Grant award.

By submitting the Application, agreeing to the Statement of Certification and Authorization, or by accepting a State Grant award:
(i) I/we authorize PHEAA for any year in which the applicant is considered for State Grant aid: to make public announcement of any State Grant award, including the institution of attendance and other information categorized as directory information; to disclose your contact information, including your email address, to other state agencies and legislators; to disclose to postsecondary institution(s) selected by the applicant, and to others administering financial aid which may bear on eligibility under the application, all information on any application and any information, communication and/or documentation submitted to or acquired by PHEAA at any time, including state and federal tax documents obtained hereunder; to use the data from any application to determine the applicant's eligibility for State Grant assistance as necessary; to direct the Director of the Pennsylvania Department of Revenue, Bureau of Individual Taxes to submit to PHEAA a certified copy or extract of my/our Pennsylvania state income tax return(s) filed for the year(s) designated by PHEAA; and to direct other federal, state and local government agencies to release to PHEAA information in their possession which may bear on my/our eligibility. I/we also agree to submit, or authorize PHEAA to obtain from the District Director of the Internal Revenue Service, a certified copy or extract of my/our federal income tax return(s) and documents for the year(s) designated by PHEAA and that failure to provide such copies or authorization, when requested to do so by PHEAA, may result in ineligibility for State Grant aid and the requirement to refund to PHEAA previously awarded State Grants. I/we understand that all documents submitted to PHEAA become the property of PHEAA and cannot be returned.

(ii) I/we declare under penalty of the criminal laws of the Commonwealth of Pennsylvania that the information provided on the Pennsylvania State Grant Form, as well as any information and documents that I/we have submitted and/or subsequently submit, have been examined by me/us and to the best of my/our knowledge such information is true, correct and complete. If PHEAA determines subsequent to a State Grant award that the applicant was awarded a State Grant for which the applicant was not eligible, I/we agree to pay back the entire amount of the State Grant. Moreover, if PHEAA determines that the ineligibility resulted from a misrepresentation, I/we agree to pay back to PHEAA not less than three (3) times the amount of the aid received. I/we understand that Pennsylvania law permits PHEAA to seek civil damages and criminal prosecution for such overawards and misrepresentations, which may include monetary fines and imprisonment.

(iii) I, the applicant, authorize and direct the institution at which I am enrolled to release to PHEAA any records or other information in the possession of the institution or any of its officers or agents which relate to my record at their institution or bear upon my eligibility for State Grant assistance. If a State Grant is awarded, I certify that it will be used only for educational expenses such as tuition, fees, books, room and/or board.

(iv) I/we certify authorize PHEAA to use my/our email address or a number for a cellular telephone or other wireless device for communications regarding the State Grant Program which may be sent to me/us through email, automated dialing equipment, artificial or prerecorded voice, or text messages.

(v) I/we certify that I have read and reviewed and understand the entire "Rights and Responsibilities Certification Document" and PHEAA's Privacy Policy.
